STAT

MEMORANDUM FOR: Chief, Audit Staff, OIG

FROM: Daniel C. King  
Director of Logistics

STAT

SUBJECT: Revision of [REDACTED]

STAT

REFERENCE: Your memo dated 2 April 1984, Revision of [REDACTED]

STAT

1. Attached is a draft of our proposed revision to [REDACTED] Accounting for Lost, Damaged, and Destroyed Property, which was prompted by your referenced memorandum (but also was on our schedule of proposed revisions for this year). We believe that we have taken care of your recommended changes, specifically in paragraph c. However, the entire regulation has been rewritten, and we think greatly improved upon, and we hope you will review the entire document.

STAT

2. Also attached is a revision of the very first paragraph of [REDACTED] which is the Type II Property Accountability handbook. The existing paragraph is also provided. You will see that we have tightened up the authorization to write off property here, too. [REDACTED] go hand in hand, so to speak, in this regard.

3. We would appreciate your comments and/or concurrence before we submit these revisions to the Regulations Control Branch, OIS.
